

What the **Kona Motorsport Park** will do for West Hawaii

- **Add 250 County Park acres** to the recreational area north of the airport. West Hawaii currently has about one-third of the Big Island's county parks and recreation areas.

- Provide a **safe and legal park** for West Hawaii enthusiasts to gather on weekends to enjoy motorcycle, ATV, go-kart, sports car, radio control, off-road truck, mountain bike, MX bicycle, skateboard and drag racing events.

These are the activities the HRA's 3,000 members and their families have asked for; and they, and their clubs, will create most of the venues. The clubs, with nationally sanctioned insurance and rules, will host and run their own events on weekends and holidays ~ as Hilo clubs have been doing at the Panaewa facility for 36 years.

- Add to Kona's **Mega-Sports Destination** reputation
- Feature **Solar Power** and **Composting** lua technology
- **Bring in REVENUE** to the County from concessionaires who can create:
 - Professional Driving Schools for High School and adult students
 - Professional Driving School for commercial vehicle licensing
 - Professional Driving School for high-performance driving
 - A 7-day a week go-kart facility featuring solar powered electric karts for rentals and monthly local kart racing
 - Food truck services for weekend events

MULTI-USE AREAS

The heart of the KMP is its large paved and gravel parking and event areas: approximately 15 acres of gravel and 15 acres of paved asphalt. Controlled access and ample parking will invite rentals of park space for...

- The annual County Fair
- Concerts ~ from Symphony Under The Stars to Rock and Hawaiian Music
- Annual Big Island Car Show
- Quarterly Swap Meets
- Monthly Drive-In Movie nights
- Secure storage garages for vehicles
- Business and Sports Expos
- Movie, TV and video Commercial productions

With water and power the park could also lease to:

- A nationally accredited Auto/Marine Technical School
- Blue Suede Sue's 50's themed Drive-In restaurant
- A Sports Car Clubhouse and garages

BUILDING KONA MOTORSPORT PARK

STATE BEACH PARK CAMPING

When camping areas are created at the Kekaha Kai State Beach Park across the highway, families from all over the Big Island and neighbor isles can come to Kona for long weekend events and enjoy the best of our West Hawaii recreational areas.

MAJOR EVENTS

The HRA has had conversations with national kart and motorcycle organizations which have expressed interest in holding their year-end final event – or season opening event – in Hawaii. These would bring dozens of race teams, sponsors and national press coverage to Kona annually. Many other nationally famous teams travel to Australia and the Orient in the winter months for exhibition events and a stop in Kona would be very possible.

Let's continue to build Kona's reputation as the **"The Sports Center of Hawaii"**
